*"Лиду вбъют." На всех перепынках ее сочно ругают ....*

The screenshot shows a Windows operating system interface. At the top is a taskbar with several pinned icons. Below it is a window titled "Информация о вас" (Information about you) which is part of a Facebook application. The window displays two images: a black and white portrait of a man and a woman, and a color photograph of a large white ship, possibly a cruise liner, docked at a port with a bridge in the background. Below the images is a section titled "ПЕРВЫЙ ПРЕЗИДЕНТ\*\*". The text discusses the disappearance of George Washington, mentioning he was the first president of the United States and that his body was never found. It also notes that his wife, Martha Washington, was his teacher. The text concludes by stating that Washington's disappearance occurred during a trip on a ship named "Constitution". A sidebar on the right provides information about activating Windows. The bottom of the screen shows the Windows Start button and a list of pinned apps.
